Key COVID-19 Guidelines For Tenants

- All employees should be trained in CDC COVID-19 safety guidelines
- All employees should not report to work if they are experiencing symptoms of COVID-19 or have experienced symptoms within 72 hours prior to start of their shift. Any symptoms should be communicated to their respective supervisor
- Upon reporting to work, employee body temperature should be measured and assessed. Employees with body temperatures greater than 100.4°F or who have flu-like symptoms (e.g., cough, body aches) should not perform on-site work duties and should be directed to return to their homes
- Masks or facial coverings, as recommended by the CDC or mandated by state/local order, should be worn by employees and their vendors while performing work duties or interacting with other persons or as mandated by state and local jurisdictions
- Employees should be allowed and encouraged to take frequent breaks for handwashing
- Hand sanitizer product, compliant with CDC guidelines, should be made available in store
- Occupancy within the store should be limited to the degree necessary to facilitate social distancing and in compliance with state/local requirements
- Social distancing of 6 feet between and among customers and employees should be observed, whenever possible
- Use of touchless or contactless transaction technology should be encouraged
- Signage, stanchions, and other appropriate measures should be implemented to maintain and encourage social distancing requirements
- In the event one of your employees tests positive for COVID-19, you should notify the CDC and local public health officials and take the necessary steps recommended by the CDC, which include thoroughly sanitizing and disinfecting your store
